

## Prostate Cancer UK

### Men, we are with you.

### What We Do

Prostate Cancer UK fights to help more men survive prostate cancer and enjoy a better quality of life. We find answers by funding ground-breaking research, we lead change by raising the profile of the disease and improving care, and we support men by providing vital information and services.

Prostate Cancer UK has a simple ambition – to stop men dying from prostate cancer. Through shifting the science over the next 10 years to focus on radical improvements in diagnosis, treatment, prevention and support, we will stop prostate cancer being a killer.

If you would like to find out more, please head over to our website <https://prostatecanceruk.org> where you can find out about our latest research, read our Annual Review, and check out what fundraising events are taking place near you.

### Support & Services

If you are concerned about prostate cancer or prostate problems we can help. We provide a range of information and support so you can choose the services that work for you.

- One-to-One support
- Our Online community
- Diet & Exercise support

All our services are open to men, their family and their friends:

### Contact us

For general enquires contact our **Supporter Care** team on 0800 082 1616 or email [supportercare@prostatecanceruk.org](mailto:supportercare@prostatecanceruk.org).

For our **Specialist Nurses** you can contact us on 0800 074 8383 or by filling out our online form here: <https://prostatecanceruk.org/get-support/our-specialist-nurses/email-our-specialist-nurses>. Completing the form gives the nurse the best possible chance of answering your query by giving them the information they need to do so.
