With a thirst friend enjoy it as stored

First end get points on the board

Rehearse tame flaws were 3

First game just wasn't to be

Good to find earning serve

Put in behind it's a learning curve

Yes to patch see it joint second match not even a point

Heard claims stretch friend third games 2nd end

The ointment had stored yeah love a plotter

Points on the board keep head above water

So something to start me indeed it pinches

Come to the party feet and inches

Worth grin chill it sent to you

First win still plenty to do

Yeah excites all deep the plots in

The next is vital people watching

Tame wi a chance you frown in bits

Came to the dance 2 down as it sits

So have to do play the odds

Drag it through pray to the gods

Sure as the day say the word

Mature as I play.... play for 3rd

That's what I got made it say

Thanks for the shot and all who pathed the way
