

Bowls Scotland – Try Bowls Activators

Bowls is one of the biggest participation sports in Scotland with 821 clubs and 50,000 members. However, membership is in decline and after recent Strategy consultation sessions and data collected through the 2022 Try Bowls survey, we have identified a need for strong, meaningful, localised support for clubs; specifically, community to club transition, retention, and membership growth.

We are excited to announce that over a 3-year period (2023-2026), and in partnership with clubs and other local partners, Bowls Scotland will create 24 Try Bowls Activator positions across Scotland. In this first year of the programme, we are seeking to recruit 8 Try Bowls Activators.

Try Bowls Activators are voluntary positions, however clothing, IT equipment, coaching qualifications and travel expenses will be paid.

Bowls Scotland has a set of values, outlined within our Corporate Strategy and available on our website. We are committed to selecting people based on their ability to do the role for which they are being recruited. We encourage applications from all sectors of the community.

Application Process:

Applicants should complete this short survey: <https://www.surveymonkey.co.uk/r/SJTQVRV>

- Closing date: 12.00 Noon, Friday 3rd March
- Informal interviews: Week beginning 13th March
