At the end of sectional play if the games won are equal then the shot difference will determine the winner of that section. If the shot difference is the same, then shots “for” will be used. If both shot difference and shots for are the same then we will decide a winner on the number of ends won across all games. Winner will be the team who top the group at the conclusion of all matches. Section winners plus 2 highest runners up from all sections, qualify for knockout stages (last 32).

ALTERATIONS TO THE FORMAT & LENGTH OF GAMES

- The Controlling Body reserves the right to alter the format, times of play and greens to suit local unforeseen circumstances, giving as much notice as practical.
- Where a program is interrupted or cannot be completed due to inclement weather or local conditions, the controlling body may amend the format and length of games to achieve a result or postpone the event where an outcome cannot be achieved.

PROCEDURE FOR APPLYING TIME LIMITS

- Start of Play – Play will commence with the appointed official signalling the start time by a bell, horn, etc.
- End of Play – At the completion of the allocated time, the appointed official will signal the end time of play by a bell, horn, etc. At this time players will complete the current end they are playing. (The start of an end is determined by the delivery of the jack by the first player in that end).

RE-SPOTTING THE JACK

- If a jack in motion passes completely outside the boundaries of the rink of play, comes to rest in any hollow in the face of the bank, or rebounds to a distance of less than 20 metres from the mat line, the end should not be declared dead. Instead, the jack should be placed with the nearest point of the jack to the mat line at the central 2 metre spot.
- If the spot is partly or completely covered by a bowl, the jack should be placed as close as possible to the covered spot, in line with that spot and the corresponding spot at the opposite end of the rink, without touching a bowl. Law 56.5.4.
