### 4. Power options

Power is provided via event distribution where available. Vendors must supply compliant cabling from the distribution point to their unit.

- Day power: available during public opening hours (08:00-18:00).
- 24-hour power: for units requiring continuous refrigeration/operation overnight.
- Power specification (amps / phase) will be confirmed during contracting based on vendor requirements.

## 5. Applications & contracting

To apply, vendors should provide:

- Trading name and contact details
- Category and menu/product list (including allergens for food)
- Unit size/footprint and vehicle access requirements
- Power requirement (day vs 24-hour; estimated load)
- Public liability insurance certificate (minimum cover to be specified)
- Food hygiene rating and relevant registrations (food vendors)

Shortlisted vendors will receive a contract pack, site rules, and arrival instructions.

**\*\*\*Application Forms can be downloaded from our website**

## 6. Operations (core rules)

Key operational requirements include:

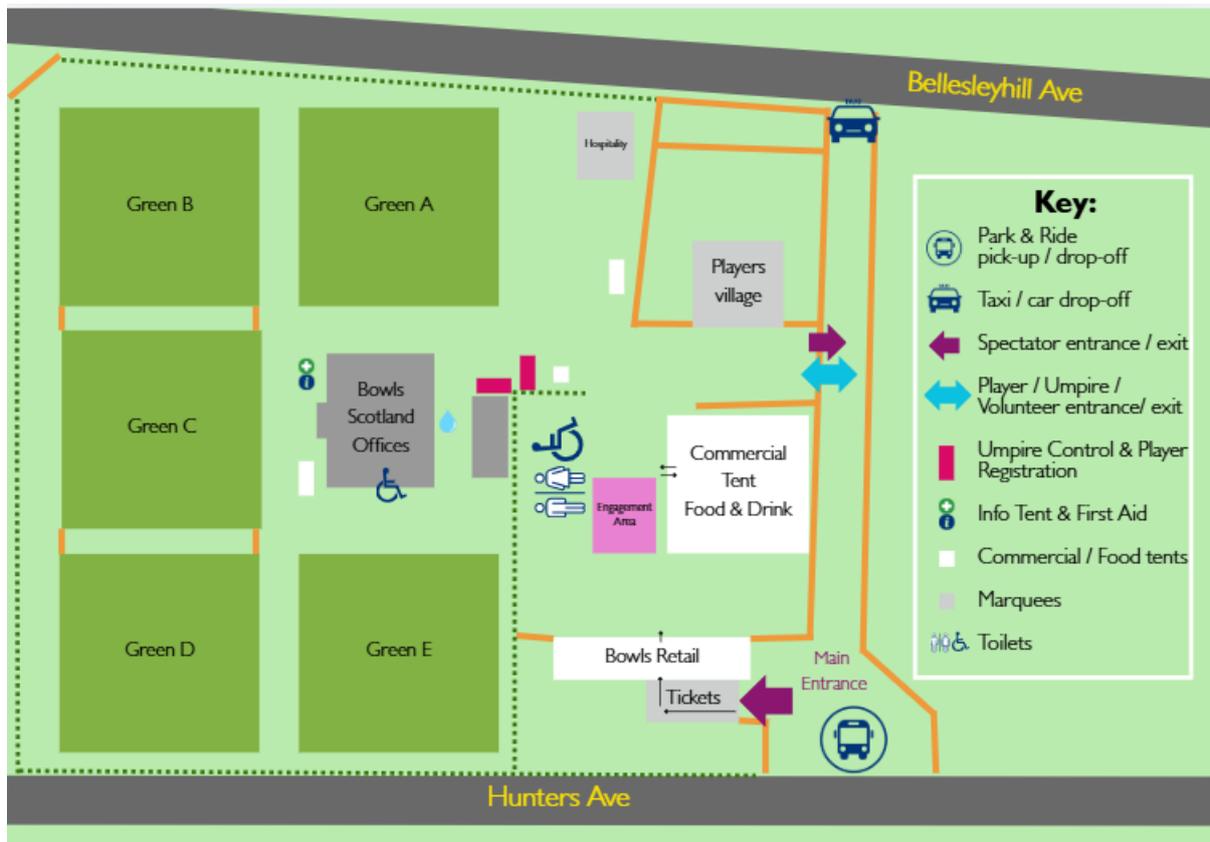

- Arrival / set-up: scheduled access windows (to be confirmed) to avoid disruption to play.
- Trading hours: vendors must be open during core public hours unless agreed otherwise.
- Waste: vendors must use provided waste points and keep the pitch frontage clean and safe.
- Safety: gas safety certificates (where applicable), PAT-tested electrical equipment, and safe queue management.
- Cash handling: vendors are responsible for their own cash management and security.

## 7. Pitch map & zoning (insert)

A pitch map showing zoning, premium locations, and vehicle access will be inserted here once the site plan is finalised.

*Illustrative vendor zoning template (not to scale). Replace with final site plan when available.*
