

Gavin Smith, Senior Risk, Controls & Governance Leader

Executive Summary I started bowling 36 years ago as a junior at Buckhaven Bowling Club in Fife. I have a strong family connection with the sport through both my parents and grandparents being active bowlers and administrators within the game. After moving to Edinburgh in my early twenties, I continued to play competitively both outdoor and indoor and have been proud to represent both Fife and Edinburgh at County level and Scotland at under 25 and full international level. I'm currently a member at both Colinton B.C and Carrick Knowe B.C in Edinburgh and an indoor member at Midlothian Indoor Bowling Club. I'm keen to utilise both my experience within the sport and my professional expertise to contribute to the growth and development of the sport that we all love and have spent the last 4 years as an active non executive director on the board of Bowls Scotland.

Professionally, I'm a Senior Risk Leader with over 18 years of extensive experience in Operational, Change Management and Technology 1st and 2nd line Risk & Control functions across financial institutions. I have proven expertise in leading high performing teams to provide assurance and valued risk opinions to C-Suite and Executive leadership teams that help to shape organisations Change, Risk and Technology strategies.
